PROFESSIONAL SUMMARY

Frontend Web Developer with strong fundamentals in HTML, CSS, and JavaScript, focused on responsive, user-friendly interfaces and modern design systems. Experienced building full-stack features with PHP and MySQL, and shipping real projects through Git-based workflows. Passionate about performance, accessibility, clean code structure, and polished user experiences.

EDUCATION

Bachelor of Science (B.S.) — Computer Science

Coursework and projects in web development, databases, and machine learning.

TECHNICAL SKILLS

- HTML5, CSS3, JavaScript, React.js
- Bootstrap, Tailwind CSS, Responsive UI
- PHP, MySQL, RESTful patterns
- Git, GitHub, collaborative workflows
- Python, TensorFlow (academic ML projects)

SELECTED PROJECTS

WSSCM Project

HTML5, CSS3, JavaScript, Bootstrap

Responsive organizational website with clear navigation and polished layout.

github.com/Muhammad-Faisal-Fayaz/wsscm-project

YUMMY — Food Website

HTML5, CSS3, JavaScript

Vibrant food site with menu highlights and mobile-first responsive design.

github.com/Muhammad-Faisal-Fayaz/YUMMY

E-Commerce Website

PHP, MySQL, HTML5, CSS3, JavaScript

Online store with product listings, cart flows, and PHP backend logic.

github.com/Muhammad-Faisal-Fayaz/ecommerce-website

Face Detection (React)

React, JavaScript

Interactive app with face detection workflows and real-time visual feedback.

github.com/Muhammad-Faisal-Fayaz/face-detection-using-react-js

Certificate & QR Generator

JavaScript, HTML5, CSS3

Browser-based certificate creation with QR verification and export layouts.

github.com/Muhammad-Faisal-Fayaz/certificate-creation-and-also-generate-QR-Code

Breast Cancer Detection (CNN)

Python, TensorFlow, Jupyter, CNN

University ML project classifying medical imaging with convolutional neural networks.

github.com/Muhammad-Faisal-Fayaz/BREST-CANCER-USING-CNN

CERTIFICATIONS

- Frontend Web Development — Online Learning Platform (2024)
- React.js Essentials — Skills Bootcamp (2024)
- PHP & MySQL Backend — Developer Academy (2023)
- Git & Version Control — Open Source Workshop (2023)
